

**FALLEN LEAF LAKE CSD
FIRE DEPARTMENT / GENERAL MANAGER
REPORT
May 26, 2018**

RESPONSES

- The fire department responded twice during the month of May. The firefighter have preformed start up duties over the past three weeks

TRAINING

- Training is underway on shifts with our new firefighters this season. Tuesday night training will begin in June 5th for our paid personnel and volunteers.

VOLUNTEER PERSONNEL / SEASONAL PERSONNEL

- The fire department is operational for the summer season.

APPARATUS / EQUIPMENT

- All apparatus is operational.

LOCAL AGENCIES / AGREEMENTS

- All local area agency agreements are in place

PROJECTS AND PREVENTION

- Liberty Electric completed tree removal during the winter months. This should reduce the chance for electrical power lines making contact with power lines and resulting in fires in trees and vegetation.
- The firefighters are doing defensible space work and clean up around the store parking lot and the area above the community building.
- Tagging has become a problem in our community with the latest event near the Neidig property. I was advised that during the winter, areas around Fallen Leaf were tagged in different location. I know Ron Buck is alerted to the problem we will be observant for the ongoing situation.
- All the current fire and weather forecast are predicting a very dry summer, with much of the same condition we worked with last season. I want to stress that everyone should be maintaining defensible space around their home. The fire department will be happy to do an inspection or offer any information that you may need to comply with PRC 4291 Please contact the fire station at 542-1343 or Chiefs office at 544-3300.
- The parking and information signs are ordered and will be placed into operation over the next few weeks.

- The El Dorado County Road Department assisted Ted with repairs to the entry to the Chapel. They have started doing some pot hole repair, and will continue as things dry out and they have the ability to put the patch material in the holes.
- Please mark these dates for our annual Wine Tasting and Volunteer BBQ. The Wine Tasting is on July 28th at 5:00pm at the fire station starting at 5:00 pm and going till around 7:00pm. The annual Volunteer BBQ will be on July 7th and will be starting around 1:30 with the Cardboard Boat Races, with food to follow, around 3:30pm. Please bring your favorite dish to share with your neighbors. Both of these are great events for our community and it is a wonderful way to support your fire department.

STORE / MARINA

- Mike and Cindy are back with us this to operate the store and marina. The store and marina had a record year and I know Mike would like to surpass last year's total. The store and marina opened on May 19th and they got to a good start.

**Gary D. Gerren, Fire Chief/GM
Fallen Leaf Lake CSD Fire Department**
