

**FALLEN LEAF LAKE CSD
FIRE DEPARTMENT / GENERAL MANAGER / OPERATIONS
COVID-19 REPORT
August 29, 2020**

RESPONSES

- In the Fallen Leaf Basin, we have not responded to any Coronavirus medical incidents.

TRAINING and OPERATIONS

- Fire Dpartment personnel will be operating under COVID-19 Protocols. We currently monitor state and county guidance for any updates are new regulations

STATION OPERATIONS

- Fire Dpartment personnel are operating under COVID-19 Protocols.
- Responding to a medical emergency personnel will maintain six feet of distance for initial assessment, when possible.
- Donning enhanced PPE on calls of suspected respiratory infection or flu-like symptoms.
- Placing Mask on Patients, when possible.
- The Fire Station is closed to the public.
- Notices are posted on the fire station door instructing emergency notification via wall mounted emergency phone. Auto dials 911
- Notices are posted on the fire station door for Non Emergency to please use doorbell for contact of fire personnel.
- Exceptions may be made for any emergency incident if needed to bring patient into the secured area.
- These listed measures have worked this very busy season. Most people have used our doorbell system or stood outside the station perimeter and asked for information from a safe distance. Considering the number of visitors to the lake and the surrounding Federal Property recreation areas we have maintained control of our facilities while providing service to the community and visitors to our community.

STORE / CAFÉ and MARINA COVID – 19 OPERATIONS

- The Store/Cafe and Marina are open.
- CLM has provided signage and is following all state guidelines. They continue to maintain safe and cleaned facilities. During this summer on extremely busy days they have monitored the number of visitors that enter the store and provide mask for anyone who does not provide their own mask.
- The following are highlights from the California Department of Public Health I have provided a link:
<https://covid19.ca.gov/masks-and-ppe/>

When should you wear a mask?

You should wear a mask or face covering whenever you'll be around someone you don't live with, including:

- In any indoor public space
- When waiting in line
- When getting health care
- On public transportation or when ride-sharing
- At work, when near others or moving through common areas
- Outdoors, if you can't stay 6 feet away from others

When can you take off your mask?

There are times when it's okay to take your mask off when you're away from home, such as:

- When eating or drinking
- If a hearing-impaired person needs to read your lips
- If wearing a face covering imposes a risk to you at work – for example, if it could get caught in machinery
- When you're not sharing a common area, room or enclosed space with others
- When you are getting a service to the nose or face
- When outdoors in public and can stay six feet from others

The Store / Café and Marina have been very busy since the opening on June 12. Mike Basso and his staff have provided great service under sometimes stressful conditions. They have maintained and tried to enforce all the guidelines during this summer with constant changes coming from the County and State.

Gary D. Gerren, Fire Chief/GM
